# Safe Water for All | High-Level Symposium

Thursday 12 April 2018 | FARS Hotel, Bijoy Nagar, Dhaka

In alignment with the Sustainable Development Goals, Bangladesh is providing global leadership in order to achieve safe water for all. The REACH Programme is a DFID-funded global programme of research, led by University of Oxford and implemented in Bangladesh by Bangladesh University of Engineering and Technology (BUET), University of Dhaka, icddr,b and UNICEF Bangladesh. With new insights and actionable approaches, REACH aims to collaborate with government, practitioners, enterprise, and communities to guide the policy choices to ensure interventions benefit the poor. The High-Level Symposium convenes key stakeholders to discuss the latest results from REACH Bangladesh along with insights from Kenya and Ethiopia.

Prof. Robert Hope  
Director, REACH Programme  
University of Oxford, UK

Mr. Dara Johnston  
Chief, WASH  
UNICEF Bangladesh

Prof. Mashfiquis Salehin  
Country Director, REACH Bangladesh  
IWFM, BUET

REACH  
Improving water security for the poor

The REACH programme is funded by the UK-Department for International Development (DFID)
